DIVISION 6 NEWSLETTER

HELLO!

My name is Ava Long, and I'm honored to serve as this year's Division 6 Lieutenant Governor for the Missouri-Arkansas Key Club. If that title sounds a little confusing, no worries. My main role is simple: I'm here to make your job as Key Club officers easier and more enjoyable.

Dear Officers,

I'll be hosting District Council Meetings. These will be chances for you and your club officers to connect, share ideas, and enjoy some free food & activities. I want to make sure that you are prepared and up-to-date on all key club information. And remember I'm always here to address concerns and answer questions.

OUR SCHOOLS

Bentonville. Bentonville West. Gravette.
Bergman. Berryville.
Harrison. Jasper.
Mountain Home. Valley Springs. Fayetteville.
Huntsville. Lincoln.
Springdale. RALI.

ICON

Everything's bigger in Texas. Including this experience. Join us July 1–5, 2026 at the Hilton Anatole in Dallas for the Key Club International Convention, where you'll connect with leaders from around the world, join high-energy workshops, hear inspiring speakers, and help shape the future of Key Club. It's more than a convention, it's an experience you won't forget.

May 2026

YOUTH OPPORTUNITIES FUND

The Youth Opportunities Fund (YOF) helps Key Club projects become reality by offering grants of \$250–\$2,000 for service ideas that impact communities. It's your chance to take a big idea and turn it into real change.

Service Projects

If you need some ideas for end of year service, here are some quick project ideas you could use:

- Canned-Food Drive
- Recycling Initiatives
- Host a community clean-up day
- Create care packages for healthcare workers
- Mental health awareness week at school
- Book drive to encourage summer reading

Inactive Clubs

Key Club opens the door to leadership opportunities, service projects, scholarships, and connections that can shape your future. If you've been inactive, now is the perfect time to re-enroll for free until September 1st. After that, dues will apply again. And if your school doesn't have a Key Club yet, reach out to me! We can help you start a chapter and bring these opportunities to your campus.

Send us stuff!

Send us your service projects, ideas, photos, and even your funniest Key Club moments. We want it all. Our Instagram runs on your content, so don't hold back (we've seen worse). Don't be shy. Contact info is at the bottom.

May 2026

GLOBAL LEADERSHIP CERTIFICATE

Key Club's Global Leadership Conference builds leaders through hands-on workshops, service planning, and connections with peers and global partners. It's a space to grow, get inspired, and turn ideas into real community impact. Go to engage.kiwanis.org for more info.

Erika's Lighthouse

One of Key Club's international partners, Erika's Lighthouse, raises awareness about teen depression and promotes positive mental health. Through free resources, it helps students recognize struggles, seek support, and uplift one another. It is something our division can truly make an impact on.

Earl Collins Scholarships & Grants

The Earl Collins Foundation Scholarship, offered by the Missouri-Arkansas District of Kiwanis International, supports students entering colleges, trade schools, and universities. It honors academic success, service, leadership, and financial need, with extra recognition for Key Club involvement. As college applications approach, this is a great opportunity for seniors to be rewarded for their dedication and impact.

This is what Key Club is all about: serving others, growing as leaders, and creating real opportunities for ourselves and our communities. Everything we do, from service to scholarships, has an impact.

Don't forget to pay your dues so you can stay involved and make the most of this year. And always know I'm here for you. Let's make it a great year together.
